

NEW SPECIALTY SURVIVAL COURSE:

with Mykel Hawke

MEDICAL PROFESSIONALS SURVIVAL

If you have ever wanted to learn the best practical medical survival skills from those who know and practice it in the real world, now is your chance!

MYKEL HAWKE, star of Travel Channel's LOST SURVIVORS, will be the actual instructor of this course.

If you are local or can travel to Texas soon, take advantage as there may not be another opportunity for another year!

LIMITED TIME- 1 Month, LIMITED SPACES- 10 Slots max, Near San Antonio, TEXAS

Questions	Answers	Additional Information
WHO	Mykel	<i>Hawkes will teach all the basics of survival, safety and security for a Medical Professional going into conflicts, disasters or remote locations, all in a one weekend course that will provide a foundation of skills you can build on the rest of your life. If you only take one proper course on survival in your life, this is the one</i>
WHAT	<i>Doctors Nurses Paramedics Medical volunteers Health Care Providers Technicians & Specialists</i>	<i>This course will teach many aspects of survival for health care providers in danger zones. From what to pack, what to carry, how to travel, personal safety and security, operational considerations for practicing medicine in extreme circumstance, including conflict management, mobility, operating out of a back pack and tent, how to be self-sustaining in the early stages and how to establish networks, logistics, use of interpreters, black market management, crime control, waste disposal, mortuary matters, and many other unusual elements of trying to practice medicine and provide care for others under extreme duress and with negligible supplies and support.</i>
WHEN	March 24th & 25th	<i>This is a short fuse notice due to additional time available before filming and may not be available again for another filming year.</i>
WHERE	<i>The Human Path Survival & Primitive Medicine School</i>	<i>This is a truly austere location, much like a Physician might expect when they show up to a situation like the earthquake of Haiti or the Tsunami of 2004. There are no facilities and the student must be prepared to rough it for a few days. Minimal food and water will be provided in addition to what the student can forage and procure on their own off the land.</i> <i>“The primary teaching facility for the THP ecology-related courses is a 50-acre, wooded area that is about 25 miles north of downtown San Antonio, Texas, or about 15 miles north of the San Antonio airport, and about a 70 minute drive from central Austin, Texas.”</i>

HOW LONG	Week Days	<p><i>This is a weekday course designed to permit physicians to attend the course as a tax deductible working class and still permit precious weekend time for family time.</i></p> <p>NOTE: We use the honor system, but we will do a general inspection to ensure minimal advantages while in the field. THE ONLY THING ALLOWED OTHER THAN WHAT WE PROVIDE AND THE CLOTHES YOU WEAR, ARE MEDICAL ITEMS FOR HEALTH AND SAFETY.</p> <p><u>NOTE: We work with any and every disability and fitness level but a full medical insurance waiver must be signed by all participants before training, without fail. No refunds for waiver refusals. Waivers are available on line to down load, read, sign.</u></p>
HOW MUCH	\$1K per Person	<p><i>This includes the room and meals listed, must be paid in full in advance and is mostly non-refundable. We may not offer another class so missing this, for any reason, will preclude the option to postpone to another class, so be sure to arrive alive ready to survive and thrive!</i></p>
EQUIPMENT		<p><i>We will provide a basic kit for safety measures only. It is STRONGLY Discouraged to use the kit and instead we ENCOURAGE as much as possible to be self-sustaining off the land.</i></p> <p><i>ITEMS PROVIDED: Pack with items, Canteen, Cup, Knife, Spoon, Book, Whistle, Mag Bar, Flashlight, Radio, Strobe light, poncho, liner, water tablets, hammock, cravat, and mini-survival kit, blizzard blanket.</i></p> <p><i>ITEMS RECOMMENDED: (These should be pre-purchased before arriving and may not be for sale during the course)</i></p> <p><i>Hawke Survival Manual (Larger one, not handbook or mini-kit)</i></p> <p><i>Hawke Tools- Fixed Blade, Folding Blade, Hawke-chete, or HASP.</i></p> <p><i>Any are good but we recommend only one tool per person.</i></p> <p><i>IT is encouraged that all these items provided be purchased and owned by the student prior to coming as a matter of practice to have and own a good basic survival kit for themselves and to get familiar with its contents and uses.</i></p>
